

CAPE DORY HALF-HULL MODEL ORDER FORM

For centuries yacht architects and boat builders alike have relied upon half-hull scale models to visualize their creations as they are brought to life. I invite you to enjoy the same timeless and traditional beauty in your home or office.

My name is **John Friday** and I carve Cape Dory sailboat half hull models in 1:24 scale from solid wood, then hand paint each hull before mounting them on varnished hardwood boards. Every hull is identified with a brass plaque affixed to the board and engraved with the vessel's description and name.

Because I produce each half hull on a custom basis, please be as specific as possible when completing the information below. Typical turn around time from the date an order is received to date the finished product is shipped is approximately 4 to 6 weeks. Unless otherwise requested, finished models are shipped via U.P.S., so please include a physical address when placing your order. The cost of each complete half hull is **\$375.00** and includes shipping charges within the continental United States. Full payment must accompany each order. If you have any questions or special requests, do not hesitate to contact me. I can be reached at 84 Edgewood Lane, P.O. Box 474, Irvington, VA 22480 or by telephone at **804-438-5365**.

Model of Cape Dory: _____

Name of vessel: _____

Topside (hull) color: _____

Boot stripe color: _____

Color of bottom paint: _____

Rudder trailing edge profile (circle one)*: Straight Curved
