**Members of the Cape Dory Sailboat Owners Association, Inc.
are cordially invited to attend the
21st Annual Meeting & Barbecue Dinner
in historic Mystic, CT on September 16th.**

Mark your calendars! You may want to make it the entire weekend as there's lots to see and do. We have secured the local VFW hall for our festivities. Our meal will be catered by Chester's Barbecue.

This venue boasts many outstanding attractions such as [Mystic Seaport](#), the [Mystic Aquarium](#), [Olde Mistick Village](#) etc.

Mystic is a destination which boasts several marinas should you wish to arrive by boat and is easily reached by auto directly off I-95. Major airports are in the immediate area including Bradley International and Groton-New London airport in Connecticut, as well as T. F. Green Airport in Rhode Island. The Amtrak station in Mystic is within walking distance of the marinas, the VFW and the Seaport.

Since this is a tourist destination both lodging and slip rental is best arranged well in advance. The CDSOA has not reserved any hotel/motel accommodations, but a list of some area hotels near the meeting site is included on page 5 as well as on the "**General Events**" page of our web site. Members should make their own travel and accommodation arrangements.

REGISTRATIONS DUE: September 5, 2017

Registration fee of \$25.00 per person includes: Meeting & Dinner

Send check to: **Jim Walsh**
19 Spice Hill Drive

7 PM—Speaker: Lisa Goodwin on sailing square-riggers

CDSOA, Inc. 21st Annual Meeting Speaker

Our speaker for this year's Annual General Membership Meeting will be fellow Northeast Fleet member and CD30 owner Lisa Goodwin.

Tall Ship Sailing at Any Age

Lisa will tell us how she got involved in sailing tall ships later in life and how you can too. A short slide show will cover many of the tall ships she has sailed and worked on, as well as pictures from her two voyages around the infamous Cape Horn on a 185 ft square rigger.

Short Bio:

Lisa Goodwin retired young from the business of interior design to pursue more adventurous endeavors. This included her love of blue water sailing. Since just 2009 she has logged over 60,000 nm with many of these being on tall ships. In 2014 she flew to Hoorn, Netherlands to join her [Bark EUROPA](#) crewmates to be inducted into the Cape Horner's Society after their 2013 qualifying voyage of over 3,000 nm nonstop from Auckland, NZ, around Cape Horn, to Port Stanley, Falkland Islands using no engine. Last fall Lisa became the proud owner of a Cape Dory 30 cutter - hull #194, which she keeps in East Greenwich, RI. She also holds a USCG 100 ton Masters.
