The Great Lakes Fleet of the CDSOA has scheduled their annual winter meeting to once again take place in historic Oswego, New York on the **29th of March, beginning at 1300**.

Home of the Oswego Maritime Foundation and other attractions, Oswego has been a major seafaring port on Lake Ontario for a very long time and has some very interesting and entertaining venues.

Please check out: [www.oswegony.org](http://www.oswegony.org) for more information on hotels, sight seeing and general fun to be had in Oswego or see the list provided below.

This year's venue is located at Patz on the River, on the water in Oswego, New York. Patz will provide you with directions to the restaurant but they are just off Rte. 104 on the eastern shore of the Oswego River. (See their web address above.)

#### **Round Table:**

Our Round table sea story will be the highlight of the afternoon, along with a surprise speaker and possibly some GLF member slide shows.

Thanks to the CDSOA, we now have prizes for our sea stories and slide shows. (If you have a slide show, please bring your laptop for presentation or on a disc that can play on most laptops). Don't worry, you can have a one-minute special or you can regale the assembled members for hours! Bring slides, pics, bottles of rum, eh it's your sea story.

#### **Head Count:**

Could we have a show of hands for those who will be attending our annual Great Lakes Fleet meeting in Oswego? Not a member of the GLF? Well, you are welcome to come along and join in the fun too!

**CLICK THE BUTTON →** to contact me with your attendance plans so I can tell Patz how many we will have there and how many tables we'll need.

**Schedule: For those getting in on Friday .** We can schedule an evening meet at one of Oswego's gathering places and plan a breakfast on the morning of the 29th. Then we'll have a meeting and get together from 1300 to 1500 followed by an early supper.

We are also looking for volunteers to help with the preparations.

For more information and reservations, contact Great Lakes Fleet Captain Brace Tallents [use the "[pm](#)" button above] and watch for updates on the message board.

Those in the know, you know where to stay, if your coming from out of town, just "[pm](#)" me, [Oswego John](#) or [Ed Haley](#) and we'll fix you up with the details. There's also a list of area hotels at the bottom of this page.

Be Safe Out There
