## Event Information:

Please monitor **VHF Ch. 16** and **72** for fleet communications -- call "**Cape Dory Fleet**".

The **Mount Desert Island Float-in**, hosted by the Northeast Fleet, will take place **Saturday and Sunday, July 23-24, 2005**. Try to arrive as soon as possible to ensure that you'll get a mooring.

Located just east of the entrance to Somes Sound is where you'll find scenic Northeast Harbor. You can't anchor here but the town rents about 50 moorings which are identified by bright green pickup buoys with 3-digit numbers on the floats. They vary in weight so boats 30-40 feet should use the **300** series moorings and boats 20-30 feet should use the **200** series moorings.

**Not to be used for navigation. Use NOAA Charts# 13312, 13318 and 13321.**

Pickup a mooring then check-in with the harbormaster or call in advance (**VHF Ch. 9, 16, 68**; 207-276-5737) and have one assigned. Another 25 boats can be accommodated on floats moored in the harbor. The moorings and floats can't be reserved until the day you plan to arrive. The town mooring agent will come to

How about a potluck breakfast together on Sunday morning before departing?

Can't sail to the float-in? Why not drive? Bring your handheld VHF so that you can contact the "**Cape Dory Fleet**" via Ch. 16 or 72 and let them know you're there and meet up with one of the crews at the dinghy dock.

There are no registration fees associated with this event. But please **REGISTER ONLINE** or contact Cathy Monaghan via e-mail ([c\\_m\\_monaghan@comcast.net](mailto:c_m_monaghan@comcast.net)) or at **732-381-3549** and let her know that you'll be there.

All owners of both Cape Dory and Robinhood power and sailboats are welcome to attend.
