

CDSOA Northeast Fleet Maple Juice Cove Float-in

St. George River, ME

August 9, 2009

Please register by August 5th!

Questions? Contact Event Organizer **Dave Bradbury** Ph: 603-470-7900; Email: dwbradbury@hotmail.com
Or Fleet Captain **Carl Thunberg** 603-226-4638; Email: cthunberg@nobisengineering.com

Fleet communications will be on VHF Ch. 16 and 68.

Please monitor these channels during the cruise.

Hail the "Cape Dory Fleet".

Sunday, 8/9 — Maple Juice Cove

Sunday, August 9th, Cape Dorys should begin arriving in Maple Juice Cove anytime after 2:00 p.m. Depending on where the boats are coming from, they may continue to arrive through the evening so be sure to allow room for other boats to anchor nearby. If conditions are settled, please contemplate allowing another CD to raft-up with your boat – this decision is entirely up to the captain of each vessel.

Theme – Remembering the life of Andrew Wyeth

Andrew Wyeth "one of the most popular and also most lambasted artists in the history of American art, a reclusive linchpin in a colorful family dynasty of artists whose precise realist views of hardscrabble rural life became icons of national culture and sparked endless debates about the nature of modern art, died Friday <01/16/09 in his sleep> at his home in Chadds Ford, Pa. He was 91."

http://www.nytimes.com/2009/01/17/arts/design/17wyeth.html?_r=1

Christina and I will host this float-in for anyone arriving early to the ME Cruise, out for a day sail & stopover, and/or an overnight. We have enjoyed the peaceful sunsets and historical presence this cove offers. Going ashore provides an opportunity to visit the Olsen House,

http://www.farnsworthmuseum.org/general/olson_details.html

which is the setting for Andrew Wyeth's painting "Christina's World".

Welcome and enjoy life's local moments.

Maple Juice Cove

Maple Juice Cove is located about 2.5 nm north of the entrance to the St. George River off **Muscongus Bay**. It's a nice big cove taking a bite out of the river's western shoreline.

Anchor in the area indicated in the chartlet in **Figure 1** below in 9-15 feet of water at MLW in mud.

Figure 1. Maple Juice Cove St. George River/Muscongus Bay 43° 58' 30"N, 69° 16' 54"W

High tide at Maple Juice Cove is approximately 10 minutes before high in Portland. **Mean tidal range is about 9 feet.**

In the evening we'll all gather on one or two of the boats for cocktails (this is where at least one 2-boat raft-up will be handy). So bring one or two snack items to share with the rest of the group and the fixin's for your favorite beverage. Then it's potluck for dinner. No, we don't throw everything into one pot and whatever comes out is dinner (unless you want to). But whatever you bring is what we'll have, so bring enough to share. So don't leave home port without your dinghy!

Registration Fees: NONE

Register online by **August 5, 2009**. Just click on the link below!
