Cape Dory...America's Best Buil

Typhoon Senior...a standard of value

The Cape Dory Typhoon Senior is a big brother to over 2,200 Carl Alberg designed "full-keel" Typhoons. The Typhoon Senior offers novice and seasoned sailors a 22-footer that is ruggedly built, easy to sail and economically priced. A great deal of thought was given to making a boat this size safe, easy handling and outfitted with necessities for fun-filled day sailing or weekend cruising. From her extra strong rigging . . . to her custom designed bronze hardware . . . to her teak trim . . . she's solidly built in the Cape Dory tradition . . . a standard of value.

Among her outstanding features is a spacious cockpit plus a built-in motor well to provide safe, dry storage for an outboard. The motor well also keeps the outboard close by and handy to the helmsman. With the outboard concealed . . . the Typhoon Senior is truly a sight of grace and beauty under sail.

The Typhoon Senior has an uncomplicated fractional sloop rig for an easy helm and less sail to handle when working the fore-deck. The cuddy cabin has a forward V-berth; concealed, port and starboard berths.

Cape Dory Yachts reserves the right to alter prices and specifications without notice. Photos and illustrations may show some optional equipment.
